

## The Parent Club

The Parent Club provide program assistance and support of youth activities. They meet to determine where the next focus of assistance is most feasible or beneficial for the program. Providing fundraisers for the youth program is another one of the most important functions of the parent club because it allows the youth to purchase uniforms, instruments, and etc. Additionally, fundraisers allow them to attend field trips, and annual conferences. Parents are our greatest cheerleaders! Join us in our quest to help our youth become successful in their endeavors.

## Welcome to Our World!

The Youth Club is composed of boys and girls ages 4 to 18 years old.

Its main purpose is to prepare youth to become future leaders by enhancing their social and cultural skills. The activities provided allow the youth to use their creative thinking skills which will help them to identify with whom they are and will also allow them to discover new interests that hopefully will increase their self-worth. Some of the activities include performing arts, music, sports, other athletic activities, science, technology, etc.

### Program Benefits:

- ◆ Enhances Self-esteem, Confidence and Character
- ◆ Builds Teamwork and Leadership Skills
- ◆ Encourages the spiritual side of youth

It is hoped that each program's youth group will bond and perform in our annual conferences. When our youth reach adult age, hopefully they will join the organization and continue its

legacy!

## Workshops and Conferences

The local youth group meet at least once per month to participate in various social and cultural activities such as group activities, community services projects and workshops, see the back panel of this brochure for possible activities. The activities are designed to help youth:

- Understand the importance of self-respect and respect for others
- Learn how to make positive decisions
- Understand the importance of giving back to the community.

Since the workshop material is tailored to specific ages, the youth are separated into age groups in order to receive age-appropriate information.

Our annual conferences are the Thanksgiving Feast, Desert Gala Conference and the Imperial Session. These conferences allow the youth to meet others in the program, attend educational workshops and participate in various competitions such as, dance, pom-poms, flags, drill, drums, singing, oratorical, STEM, and more,

## Deputies and Volunteers

Many of our staff have mentoring experience and provide a wealth of knowledge to help our youth. Prior to working with the youth, everyone including parents are required to have a national ground check. *Remember, safety first!*
